AI Engineer | Helping Businesses Automate Workflows with AI & n8n
| Chatbots, RAG, API Integration
Islamabad, Islāmābād, Pakistan

Summary

AI Engineer | Generative AI, Machine Learning & Automation
(n8n) I am an AI Engineer with a degree in Software Engineering and hands-on experience in Machine Learning, Deep Learning, and Generative AI. I build intelligent, real-world applications that not only provide insights but also automate workflows and improve business efficiency. What I Do: I specialize in developing AI-powered solutions such as chatbots, Retrieval-Augmented Generation (RAG) systems, and automation workflows. By combining Python, LangChain, and n8n, I create systems that can interact, analyze, and take actions in real time. Core Skills: • Generative AI & Machine Learning • AI Chatbots & RAG Systems • n8n Automation & Workflow Development • API Integration & Webhooks • Python, LangChain • Data Processing & AI Workflows My Approach: I focus on solving real-world problems — whether it's automating repetitive tasks, integrating multiple systems, or building intelligent assistants. My goal is to create solutions that save time, reduce manual work, and deliver measurable value. Current Focus: I am actively building AI + Automation projects, exploring advanced workflows, and improving my expertise in real-time AI systems. Let's Connect: I am open to internships, freelance projects, and collaboration opportunities. If you are looking for someone to build AI-powered applications or automate your workflows, feel free to reach out. Let's build smart solutions together.

Experience

Alright Tech Private Limited

Artificial Intelligence Intern

August 2025 - Present (1 year 1 month)

Islamabad, Pakistan

As an AI intern, I'm working with LangChain to build context-aware AI assistants using large language models and custom datasets.

Education

University of Science and Technology, Bannu

Bachelor of Science - BS, Computer Software Engineering · (September 2020 - September 2024)

Govt. Sikander khel bannu

intermediate Degree, Pre-Engineering · (April 2018)
